March 2016

PETSAFE® EXPANDS EASYSport AND EASY WALK® HARNESS RANGE

Stand G1, PATS Sandown, 22nd – 23rd March

International pet product expert PetSafe® brand has announced even more choice in its popular **EasySport** and **Easy Walk® Harness** ranges.

Pet owners will now be able to buy the **Easy Walk® Harness** in the new Raspberry pink colour and the **EasySport Harness** in Blue, Red, Apple Green and Pink, as well as the original colour Black. In addition to the new colours a new size, Extra Small has been added to the existing Small, Medium, Large in the **EasySport** range, allowing walks with dogs of any size to be enjoyable and stress free.

Available in sizes XS – XL, the **Easy Walk® Harness** has been designed to gently discourage dogs from pulling. Its unique front-chest lead attachment helps the owner take control and redirect the dog's attention if necessary. Unlike traditional harnesses, the **Easy Walk® Harness** does not cause coughing, gagging or choking as the chest strap rests low across the breastbone, whilst the four adjustment points provide maximum comfort for dogs.

Similarly, the **EasySport Harness** is designed to make dog walking a fun and relaxing experience for both owners and dogs, and is fully adjustable and padded throughout to ensure a comfortable fit for dogs of all sizes and breeds. Two quick snap buckles allow for easy fit and removal, and the dog lead can be simply clipped to the top of the harness. For extra safety there is a top handle – ideal in unpredictable situations where owners may need an extra degree of reassurance.

PetSafe® International Marketing Director Angela Critchley said: "New colours and sizes mean even more choice for pet owners. Both products are ideal for making everyday walks relaxing and safe, and have been carefully designed to be comfortable for our customer's pets."
