Happy Ride™ DOG RAMP ADAPTOR

Let's remove the roadblocks to your
next road trip.

1

Select the right clip for your ramp.

Folding Dog Ramp

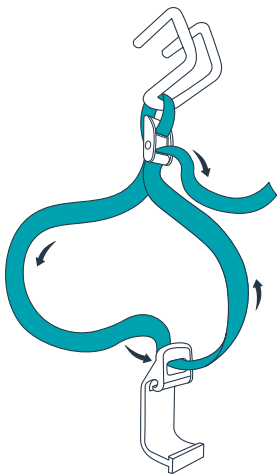

Telescoping Dog Ramp
Extra Long Telescoping Dog Ramp

Compact Telescoping Dog Ramp

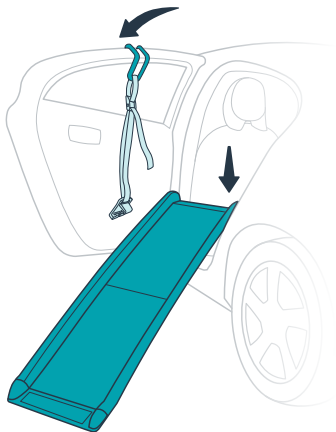

2

Slip the strap loop (next to the adjuster) onto the rubberized hook.

Pass the end of the strap through the clip and back up through the adjuster.

3

Hang the hook securely over the inside of the open vehicle door.

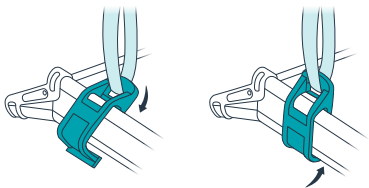

Place the ramp in the doorway and rest it as securely as possible on the seat or floorboard.

4

Connect the clip to the ramp.

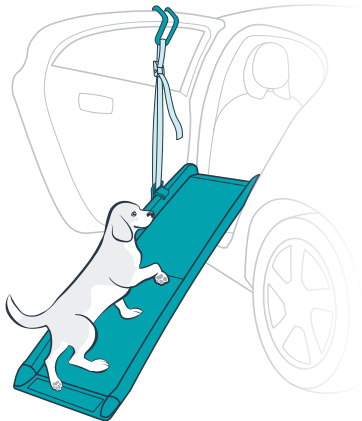

For the folding ramp: First hook the clip under the rail, then over until it clicks.

For the telescoping ramps: First hook the clip over the rail, then under until it clicks.

5

Adjust the strap so it holds the ramp in a level position. Offer treats to gently encourage your dog to practice walking up and down.

With a little patience and lots of praise, your dog will soon be happy using the ramp on his own.
