Safe Pets. Happy Owners.™

IMPORTANT: Please read before using your pet feeder.

The Pet Feeder you have purchased is an environmentally friendly Clockwork Pet Feeder. It operates with a clockwork movement and moves slowly, therefore, you will not see the feeder lid move. One revolution takes 48 hours to complete, giving four feeds within a 36 hour period.

Before replacing the feeder lid and clock housing, make sure that the slot on the outside of the clock housing engages with the raised strip of plastic inside the feeder lid.

Should you have any difficulties in using your Pet Feeder, please contact our free helpline number on **0808 144 4554**.

Opening times 08.30am - 5.00pm Monday - Thursday, 08.30am - 4.30pm Friday.
